

California dreamin'

California's finest Doug and Jackie Miranda led an inspiring and successful two day workshop to the students of The Hong Kong Line Dancing Association. The workshop consisted of four two-hour sessions. The first three were at beginner/intermediate level and the final one at intermediate/advanced level.

Doug and Jackie received a great response and the enthusiasm from all participants was fabulous. The amount of students in attendance was overwhelming. Ceci Wong said: "The learning experience was fun, invaluable and memorable. Cheers and thanks to Doug and Jackie for sharing their choreographed dances with us, and to Lina who organised the successful event in such short notice."
